

YOUR GUIDE TO UPLOADING PHOTOS FROM YOUR SMARTPHONE ONTO THE HND MONTH WEBSITE

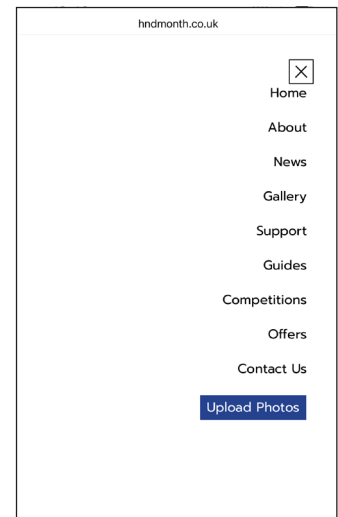

For HND Month, participating retailers can send in pictures of their shop and/or activity, showcasing how they are making the most out of this year's promotion.

Sending in photos means automatic additional chances to win daily prizes so, if you haven't already sent in some pics, this guide shows you in simple steps how to upload your photos.

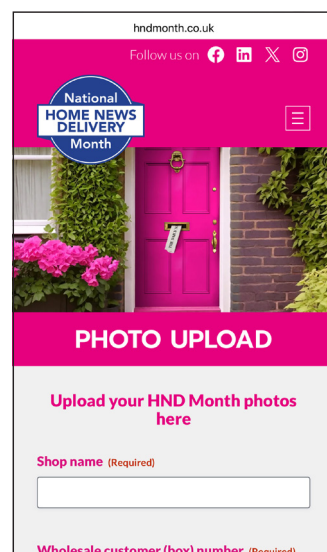

1. Make sure photos are on your smart phone then type in your browser (Google, Safari etc) HNDMonth.co.uk

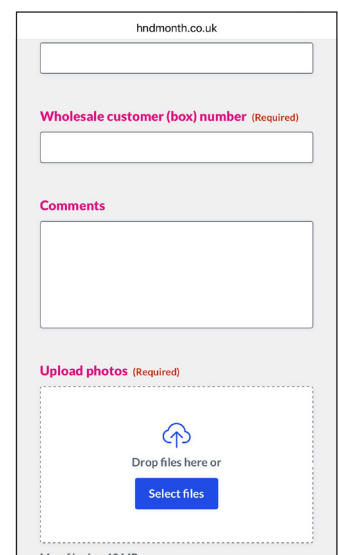

2. Select Menu and scroll down to 'Upload Photos' and select

3. In the fields provided type shop/business name and wholesale customer number

4. Scroll further down and in the comments section tell us what's going on in the pictures such as 'Counter display' or 'Leaflet canvassing on new housing development'. You can also give staff a namecheck!

YOUR GUIDE TO UPLOADING PHOTOS

continued:

5. Click on Select files. If you've got the pics on your phone, you can simply pick the ones to be uploaded by going to photo library and tapping the ones you want to send.

It's really simple so send in as many pictures as you can. If you were uploading them via a PC or laptop, follow the same process but on the final screen you'll need to move photo file from your computer to where it says 'Drop files here'

Good luck with the competitions!
